MEMORANDUM FOR THE RECORD

FROM: [redacted]  
Chief, Administration Branch, CRD

SUBJECT: FRUS Plans (U)

1. The following volumes can be expected to arrive in CRD for review in 1982 or up to approximately April-May 1983. (This is a sliding period because both Larry Pickering and [redacted] expect some slippage to take place in the timing of the exact passage of the material from the Department to CRD, during the coming year -- in fact as this is being written, we are already sliding into February 1982 and we still don't know what kind of CRD we have for 1982.)

Volume I, 1955-57, Foreign Economic Policy and the United Nations (3,000 pages)

Volume III, 1955-57, American Republics (2,000 pages)

Volume IX, 1955-57, Africa and South Asia (2,288 pages)

Volume XII, 1955-57, China and Japan (2,500 pages)
